I give permission for _____ to have Senior Study Hall during the current school year, provided that it does not preclude required courses nor jeopardize graduation. It is understood that he/she is to enter/exit the building through the cafeteria and tap in/out at the attendance kiosk. Upon entering the building seniors are to report to their next scheduled class. You may only designate one period per day as your Senior Study Hall and may choose to leave the campus during that period. In the case where a student has more than one assigned study hall, they are to report to the scheduled location of the other study hall.

It is further understood that it is the responsibility of the parent to call the Attendance Office at 631-472-7800 ext. 5014 in the event of an absence.
