

# eAlert

## TOWN OF ISLIP

*Critical news and community events sent directly to you.*

Dear Resident:

The Town of Islip's E-Alert system is a service that allows Residents, Businesses and Community Members to sign-up to receive e-mails on important news and events in our community.

With E-Alert, you automatically receive news directly to your selected e-mail address and/or SMS text messages to your phone.

Just complete this form and give it to a Town of Islip Representative or you may sign-up at your convenience by visiting our E-Alert sign-up page. There, you can also add or edit your information, or opt-out at any time.

We hope you join us on E-Alert. Thank you!
